Dear Policyholder

This Policy Schedule sets out details of your cover and conditions. These details and conditions form part of your Policy Document (Product Disclosure Statement).

Please read your policy and account details carefully and notify us immediately of any corrections. If you are a GST registered business, the extent to which you can claim an input tax credit is important, as it will be used when we settle any claims. An incorrect percentage could result in a GST liability on the claim settlement.

May we remind you that you have a duty of disclosure, which means you must let us know about anything that might affect our decision to accept your insurance. If you have any questions about disclosure, or any other aspect of your insurance cover please contact our Customer Service Department on the above number.

Yours sincerely

Terry Towell  
Managing Director

**Please refer to the Important Notices and/or Endorsements shown on the attached schedule as they may limit your cover. The policy may include additional exclusions which will be detailed under these headings.**
